Germany Calling

Germany is renowned for its dual education system, which blends real-world work experience with vocational instruction. This method has also been included into nursing school, with a focus on theoretical understanding as well as practical abilities. In Germany, nurses have the option to pursue additional specialization and on going education in a range of nursing practice domains following the completion of their basic nursing education. This enables them to progress in their professions and get more knowledge in particular healthcare domains.

PROGRAM REQUIREMENTS

- Higher secondary (12th) school passed in any subject.
- Age 18 – 28 years old.
- German language proficiency with Goethe, OSD, ECL, or
- TELC B1 level for General Program
- B2 Level for Nursing
- Independent & Highly motivated
- Police clearance certificate
